

As you are starting to revise for your mocks, we have identified 2 areas you should focus and work on over the October Half term holidays. Please remember that the best way to make progress is by doing this 'little and often', in small, manageable chunks.

1/ KNOWING THE 3 MAIN TENSES PERFECTLY. Revise the 25 verbs we've chosen for you in past/present/future tenses, from your yellow worksheet. On the worksheet is a link to a Quizlet, which will help you learn/practise/memorise them, as well as test yourselves. There will be a verbs tests in your second lesson back after the holidays.

2/ LEARNING MODULES 6/7/8 VOCABULARY. As the mock exam is a full past paper, we don't want you to be at a disadvantage because it covers areas we've not finished studying (as it's not the end of year 11 yet). As a result, we'd like you to go ahead with vocab/phrases learning, by completing the ActiveLearn vocab learning activities set as a task. This needs to be done with an overall score of 70% minimum -the best way to achieve this being to ensure your score is green for each activity set.

3/ EXTENSION. If you want to push yourselves, you can use your small vocabulary books and try and learn as much of the Modules 6/7/8 vocab as you can. Alternatively, you may want to revise modules 1,2 and 3, which you were assessed on in Y10.

VERBS are extremely important
 – you **WILL** be required to use
 the **past, present AND future**
 tenses correctly. Here is a list of
 the most useful verbs:

PAST, PRESENT & FUTURE

25 Common French Verbs
